Dear Mr. Moser:

The Department of Natural Resources (DNR) reviewed the Site Investigation Work Plan submitted on your behalf by American Engineering Testing, Inc. December 12, 2021 and approves the scope of work outlined within the report. In accordance with Wis. Admin. Code Ch. NR 749.04, the appropriate fee was submitted for this review.

The DNR understands that three (3) off-site, Wis. Admin. Code Ch. NR 141 compliant, groundwater monitoring wells will be installed and sampled quarterly for four (4) rounds. Samples will be analyzed for volatile organic compounds and groundwater elevation measurements taken concurrently.

Thank you for your commitment to investigate this contamination. Please contact me at (715) 492-2304 or by email at [matthewa.thompson@wisconsin.gov](mailto:matthewa.thompson@wisconsin.gov) with questions regarding this site.
