Thanks for the email Mike. I understand the group's concern with their site but the extent of contamination has not been defined. I am not able to provide additional specific guidance without a technical assistance request being submitted, however; I am happy to take a quick look at any proposal you put together to define the northern extents.

Have a good weekend, Matt

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Matt:

I uploaded a status letter to the WDNR portal.

My client and the property owner have asked that we set-up a TEAMS meeting to discuss further work.

When you have a chance to review, we can discuss the Site and talk about meeting times.

Thanks

mn
