Subject: **Status Update Request**
Wing Property, E7831 Seefeld Road, Town of Caledonia, WI
DNR BRRTS Activity # 02-69-587980
DNR FID # 469104130

Dear Mr. Wing:

On September 7, 2021, the Wisconsin Department of Natural Resources (DNR) notified you of your legal responsibilities under Wisconsin Statute (Wis. Stat.) § 292.11 to investigate the degree and extent of the hazardous substance discharge on the above-referenced site. DNR has not received any information from you concerning your response to this hazardous substance discharge. DNR requests that the following information be submitted **by November 23, 2021**:

- 1.) A written status update including hiring an environmental consultant.

As the responsible party for this hazardous substance discharge, you have the legal responsibility under Wis. Stat. § 292.11 to investigate and clean up contamination resulting from the hazardous substance discharge. DNR will work with you to move this site towards closure.

Your legal responsibilities are defined in statute and in administrative code. The hazardous substances spill law, Wis. Stat. § 292.11(3), states "A person who possesses or controls a hazardous substance which is discharged or who causes the discharge of a hazardous substance shall take the actions necessary to restore the environment to the extent practicable and minimize the harmful effects from the discharge to the air, lands, or waters of the state."

Wisconsin Administrative Code (Wis. Admin. Code) chs. NR 700 to NR 799 establish requirements for emergency and interim actions, public information, site investigations, design and operation of remedial action systems, and case closure.

The DNR appreciates your cooperation and looks forward to an update regarding this site. If you have any questions regarding the site or this letter, please contact me at (920) 510-4343 or gwen.saliares@wisconsin.gov.

Sincerely,

Gwen Saliares
