Hi Gwen –

Myself and Warden Nieling were able to make contact with Mr. Wing at 1:00pm today (2/23/2022) at his residence in New London. I hand delivered the document you requested and advised Mr. Wing to read through the document as there was a March 18<sup>th</sup> deadline he needed to meet. He explained the items are still on his property(light bulbs) and indicated it comes down to money for the clean up. He stated he had a company take a sample and has called them two times but has not heard back from them.

Jennifer – Donald had 6 cardboard boxes in the back of a box truck at his residence with Gaylord TVs in it. He stated he will be taking them in for recycling this week and will submit the receipts. I have a photograph if needed.
