Thanks Tauren. We mailed in the review fee yesterday or the day before so you should have that in hand shortly!

Have a great weekend.

Good morning Alex and Harris,

This email acts as the initial approval to proceed with the structural piles as proposed in the Remedial Action Plan and Materials Management Plan (RAP/MMP) for the River North development. The complete approval for the RAP/MMP will be formally reviewed and provided a written letter response, but wanted to get this initial approval out to you as I understood from Harris and the RAP/MMP document that you wanted to begin the structural piles as quickly as possible. DNR has created a new BRRTS number, 02-36-588366, that you can use now for future correspondence and submittals. A responsible party letter will be issued due to the recent change in ownership.

If you have any questions, please let me know.

Regards,
