Hi Paul,

The DNR has received your letter with the extension request. The DNR concurs with the timeline extension request for the site investigation work plan to be submitted within 60 days after receipt of results from the Immediate Action (IA) Work Plan or no later than June 25, 2022. The DNR expects the IA Work Plan on or before April 11, 2022 as you have outlined in the letter.

This is in addition to the 30 day extension to April 26, 2022 already provided, which was requested by Katherine Walton (attached email) in order to secure the historical files from the time of Newell Operating Company's ownership of the property.

Regards,

Hi Katie,

This email is to acknowledge that I received your response to the responsible party letter and that DNR grants the 30 day extension, so the new deadline will be April 26, 2022.
