Hi Tauren,

We wanted to advise you that a call has been scheduled with the Tramontina team on July 7th for introduction purposes. We will provide you with a brief update after the call.

Kind regards
Susan

Hi Paul,

As discussed on the phone, you will be delaying a work plan to prevent duplication of work and coordinating efforts with Tramontina in an upcoming call with them. Please let me know when you get the call scheduled and what results come out of the coordination effort.

Regards,

We are committed to service excellence.

Subject: BRRTS 02-36-588656 - MIRRO CO PLT 2 (FORMER): SI Work Plan Extension Request

Good afternoon Tauren;

Ramboll, on behalf of Newell Operating Company (NOC), would like to request an extension for submittal of a Site Investigation (SI) Work Plan for the former Mirro Plant No. 2 (BRRTS No. 02-36-588656). Ramboll has reviewed the recently uploaded available files on the BRRTS on the Web (BOTW) database for the former Mirro Plant No. 2 site, specifically the Site Investigation Work Plan submitted by Geosyntec on May 26, 2022, on behalf of Tramontina U.S. Cookware, Inc. (Tramontina) describing on-site site investigation activities. The work plan submitted by Geosyntec was approved by the WDNR on June 3, 2022.

In an effort to not duplicate on-site investigation efforts, Ramboll would like to extend the submission of a SI Work Plan until 60 days after the initial phase of on-site work by Geosyntec is complete and the Geosyntec site investigation data has been made available on BOTW.

Ramboll would appreciate WDNR's concurrence on this request. Please let us know at your earliest convenience.

Thank you.

Paul Lindquist
