Subject: 02-36-588656 MIRRO CO PLT 2 (FORMER): WDNR NR700 Semi-Annual Reporting

Good morning Tauren;

This e-mail serves as a NR700 Semi-Annual progress report for the former Mirro Plant No. 2 (BRRTS No. 02-36-588656) in Manitowoc, Wisconsin for the reporting period of January 1 to June 30, 2023. Please note, Ramboll attempted to completed the reporting requirements via the WDNR provided notification e-mail; however, a report was already submitted. As such, the web-link is no longer valid.

Ramboll, on behalf of Newell Operating Company (NOC), completed one round of potable well sampling at two residences (2519 and 2722 Woodland Drive) on May 24, 2023, as requested by the WDNR in an e-mail correspondence on February 10, 2023, and in accordance with the WDNR approved Immediate Action Work Plan. The data transmittal letters were distributed to the property owners in June 2023. A second WDNR recommended sampling event for the two residences is tentatively scheduled for December 2023. Ramboll anticipates submitting the Immediate Action Documentation Report to the WDNR approximately 60 days after the results from the December 2023 sampling event have been received, reviewed, and validated.
