Hi Jeff,

Provide a date as to when the off-site investigation work plan is going to be submitted to DNR. It has been since April 2023 that a replacement was being identified for Emma MacAlister leaving and you had a quick call with me at the beginning of June 2023 to provide a quick update. Since that time, I have not received any updates.

Thanks,
Tauren

Tauren –

Geosyntec, on behalf of Tramontina, is requesting an extension to the off-site investigation work plan for the former Mirro Co Plant 2 site (BRRTS No. 02-36-588656). Emma MacAlister has left Geosyntec and we are identifying internal resources to assist in developing the plan. The work plan will be submitted to the Wisconsin Department of Natural Resources (WDNR), and after the work plan is reviewed and approved, the parties will act expeditiously to implement the plan.

Please confirm your approval for the extension.

Regards,

Jeff Tracy
