To: Richard Mazurkiewicz
Subject: Hazardous Substance Discharge at 147 E. Becher Street, Milwaukee, WI

Good morning Ric – Thank you for speaking with me on Friday (03/15) concerning the subject property. As we discussed, please provide an email outlining the details of the newly identified hazardous substance discharge and the immediate actions taken by Ramboll to further characterize the environmental impacts. The DNR will add this email to the BRRS file for the new site. Also as we discussed, the DNR will soon send a responsible party letter outlining the details of the new site and the Wis. Admin. Code NR 700 requirements. Do not hesitate to reach out should you have any questions.

Thank you, Jane

We are committed to service excellence.
