Good Afternoon,

Following up to the February 28, 2022 WDNR letter and our telephone conversation on March 16, 2022 regarding the assessment of PFAS at our Enbridge Superior Terminal, this email serves as written notification that we have selected AECOM to assist with completion of assessment/investigation activities as well as regulatory reporting that will be required for this project.

If you could provide a written acknowledgment of receipt of this email, it would be appreciated.

Thank you

Bryan Stiemsma
