Hi John,

Enbridge will be initiating the field work beginning this week as outlined in the approved work plan. The field work is expected to continue into next week.

Any questions, please let me know.

Thanks Nick

Karl,

Attached is an approval letter for the Enbridge Superior Terminal PFAS Work Plan. Please contact me if you have any questions.

Thanks.

Good afternoon, John.

On behalf of Enbridge Energy, AECOM is submitting electronically PDF copies of the following two documents for their Superior Terminal facility located at 2800 East 21st Street in Superior, Wisconsin:

- Surface Soil PFAS Work Plan: this document was prepared in response to the WDNR's Responsible Party letter, dated February 28, 2022.
- WDNR Technical Assistance Form 4400-237: this form was completed to request formal review and comment on the Surface Soil PFAS Work Plan. The required fee will be submitted separately to the WDNR Program Assistant in the Antigo Service Center.

These documents were also submitted electronically through the WDNR RR Portal.

If you have any questions or comments about the Work Plan, please contact me at (608) 828-8208. Thanks!
