Subject: Elevator Information for Vapor Mitigation Design Technical Assistance Request, Bright Horizon Properties LLC (Former), BRRTS # 02-36-589295

Hi Matt,

As discussed today, you plan to get additional information for the vapor mitigation design plans for the elevator for the proposed redevelopment and submit that additional documentation to the DNR to incorporate it with the Technical Assistance Request with fee received March 8, 2022. Therefore, the DNR will wait until this additional documentation is submitted, review it, and then issue the response letter.

Regards,

We are committed to service excellence.
