Subject: Conditional Approval for Sub-Slab Vapor Mitigation System and Vapor/Indoor Air Sampling Plan for Bright Horizon Properties LLC (Former), BRRTS # 02-36-589295

Hi Que and Matt,

This email acts as the conditional approval for the Sub-Slab Vapor Mitigation System and Sub-Slab Vapor/Indoor Air Sampling Plan for the proposed apartment complex redevelopment (West River Lofts) at the Bright Horizon Properties LLC (Former) site, which includes the design and installation of the sub-slab vapor mitigation system and vapor ports, and proper sampling for sub-slab vapor and indoor air, with the first sampling round being completed prior to occupancy tentatively scheduled for July 2024. Subsequent sampling rounds are tentatively scheduled for September 2024 and December 2024. The DNR is currently working on and will issue a formal written approval letter for this plan in the near future.

If you have any questions, please let me know.

Regards,

We are committed to service excellence.
