Tauren,

Ramboll, on behalf of Newell Operating Company (NOC) wanted to advise you that they have not received a notification link for the on-line NR 700 semi-annual progress report for the Bright Horizons Properties LLC site in Two Rivers. An on-line report was submitted for the site by Fehr Graham on behalf of West River Lofts, LLC on June 30, 2023. The following provides a summary of the NOC related activities performed during the January 1 -June 30, 2023, reporting period and is intended to satisfy their reporting obligation:

No site activities were performed on NOC's behalf during the reporting period other than reviewing documents posted on BRRTs. In a July 15, 2022 e-mail, the WDNR approved NOC deferring submittal of a work plan until the work being proposed on behalf of the property owner was completed. Based on a review of available documents on BRRTS, the follow-up work is still ongoing including documentation of Stantec's investigation work as described in their September 30, 2022, *Site Specific Sampling and Analysis Plan* and additional work outlined in Fehr Graham's June 5, 2023 *Materials Management Plan & Chapter NR 718 Exemption Request* and June 20, 2023 Addendum.

Please let me know if you have any questions.

Kind regards

Susan Petrofske
