

Notice: Hazardous substance discharges must be reported immediately according to Wis. Stat. § 292.11. Non-emergency hazardous substance discharges may be reported by submitting this online form, calling the Department or visiting an office in person. Under Wis. Stat. § 292.99, the penalty for violating the reporting requirement of Wis. Stat. ch. 292 shall be no less than \$10 nor more than \$5,000 for each violation. Each day of continued violation is a separate offense. It is not the Department's intention to use any personally identifiable information from this form for any purpose other than program administration. However, information submitted on this form may also be made available to requesters under Wisconsin's Open Records Law (Wis. Stat. § 19.31 - 19.39). Submitting the notification as part of a Phase 1 or Phase 2 environment assessment report is not considered immediate notification under Wis. Stat. ch. 292.

Other Assessment - 2/15/2022

Other Assessment Comments - Sampling of groundwater within the tank basin for upcoming UST upgrade.

### Hazardous Substance Discharged:

Tetrachloroethene (PCE)

## Impacts to the Environment

### Impacts to the Environment Information:

Ground Water Contamination

## Lab Results and other Info

**Lab results or Report:** Lab results or report are attached

**Additional documentation:** NO

**Additional Comments:** The PCE contamination is likely from the Lee's Cleaners site (BRRS#: 02-03-552055) located at 1727 S Main Street and north (upgradient) of our store. Kwik Trip received a Notification of Continuing Obligations and Residual Contamination (Form 4400-286) letter back in March of 2016 stating that PCE and TCE contamination had migrated onto our property from the Lee's Cleaners. We are requesting a NAR determination for this reported contamination.
