Hi Trent and Rick,

My name is Jane Pfeiffer and I am the DNR Project Manager reviewing the off-site materials management plan for the above-referenced site. Please send me a figure outlining where the soil will be placed at the R&R Excavating Site with a description of the placement location. If possible, this information should be presented by the end of this week to accommodate the requested expedited DNR review of this submittal.

Thank you,

Jane

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
