Jane

This was sent to and completed by us in error.

Cory at Sigma did contact in January to let us know that redevelopment of the site is underway.

Soil removal is scheduled to begin in March.

Rick

Greetings Rick – On 01/09/24 you submitted a Wis. Admin. Code (WAC) NR 700 semi-annual progress report for the subject site that indicated no activity is occurring at the site. However, the DNR understands that redevelopment of this site is underway. Do you have any additional updates on this site's redevelopment status?

Thank you, Jane

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
