Subject: 3001 W. Holy Hill Road, Richfield, WI (BRRTS #07-67-591386)

Dear Mr. Millis,

We have reviewed and approved the General Liability Clarification/No Action Required request for the property mentioned above. At this time, your consultant should abandon the groundwater monitoring well. Once we have received the groundwater monitoring well abandonment form, we will send the approval letter.

In addition, your consultant should revise Form 4400-237 with the following:

- Under Section 3, uncheck box for No Further Action Letter. Check box under Section 4 for No Action Required.
- Under Section 6, select Yes under “For Property with newly identified discharges of hazardous substances only: Has a notification of a discharge of a hazardous substance been sent to the DNR as required by s. NR 706.05(1)(b), Wis. Adm. Code?” Your consultant should submit a notification of discharge of a hazardous substance to the DNR since there was a discharge of petroleum.

I am cc'ing Jenny Meyer so she will be aware that the notification of discharge of a hazardous substance will be submitted through the portal.

The other documentation can be emailed to me.

Thank you.

Alice
