Good Morning, David,

We are preparing the case closure reports for Innovation Park recently completed redevelopment parcels, as described below. Will the WDNR issue new BRRTS numbers for each, or re-assign the existing BRRTS # to one of the closures and issue a new # to the other? If you have time this week to confirm the closure process so we can prepare and submit the case closure requests smoothly, that would be great.

Subject: Innovation Park - Phase I Case Closure

Good Morning David,

We anticipate submitting for case closure on select Innovation Park lots – Lot 3 & Outlot 3, and Lot 4 – in the coming weeks. In the past, we discussed pursuing case closure for specific lots following redevelopment. Phase I of the redevelopment is substantially complete, including soil management and construction of engineered barriers. Phase I includes Lot 3 & Outlot 3 (Office Building A and the entrance drive), and Lot 4 (parking structure).

Do you have time this week or next to discuss the approach to case closure? We want to understand how to most logically and cost effectively request/obtain closure, while considering the potential for Lots to be sold separately in the future.

Thank you and please let me know,

Cory Katzban, P.E.
