Dear Mr. Bode:

Thank you for submitting the Site Investigation Work Plan (SIWP), prepared by Himalayan Consultants, LLC, on your behalf for the above mentioned BRRTS site. The DNR appreciates you continuing the environmental investigation at this site.

Regarding your requested response date from the DNR, being December 30, 2023, the DNR will not be able to complete our technical review by the requested date. The DNR generally tries to complete our technical review and provide a response letter within 60 days of the submittal with a fee. Due to our current workload and the upcoming holidays, the DNR plans to review the work plan in January and provide a subsequent response. Please let me know if you have any questions or concerns with this timing. Thank you for understanding and happy holidays.

Best regards,

We are committed to service excellence.
