Hello Caroline – Site activities from the week of January 20<sup>th</sup> are summarized below.

### Private Potable Water Well Sampling (January 21):

- One (1) potable water sample was collected from the Zalec residence, located at W8442 US Hwy 18
  - The sample was collected from an outdoor spigot.
  - No volatile organic compounds were detected.

### Site Visit (January 21):

- DNR, Town of Oakland and Lake Ripley Management District visited the site to complete a site walk around and discuss on-going remedial activities.

### Laboratory Results:

- Laboratory results were received for sampling completed the week of January 13<sup>th</sup>.
- No volatile organic compounds were detected.
- Results will be uploaded to BRRTS this week.
