Professional Center, 910 Elm Grove Rd., Elm Grove, WI  
FID# 268503620, BRRTS# 02-68-097365

Dear Ms. Karol:

The Wisconsin Department of Natural Resources (the DNR) received the August 31, 2018 cost estimate that was prepared by ENVIRON for the abandoning the monitoring wells for the case described above. The monitoring wells are to be abandoned in accordance with Chapter NR 141, Wis. Admin. Code. Submit the completed well abandonment forms (Form 3300-005) to the DNR upon completion of the work.

The Department is approving the \$3,940 cost estimate for this scope of work, which includes \$1,010 for consulting and \$2,930 for sub-contractors. This brings the investigation/remedial cost cap to \$338,436.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

The Department appreciates your efforts to restore the environment at this site. If you have any questions regarding this letter or the case, please contact me at the letterhead address, by calling (262) 574-2166, or by e-mail at david.volkert@wisconsin.gov.

Sincerely,
