Heather and all,

Please provide the information requested below. As mentioned in the July 15 quarterly report, did a subject matter expert troubleshoot the GWCTS in July? What was his or her diagnosis of the issue?

Conor

Heather,

Thank you for submitting the quarterly report.

Can you provide more detail on the operational and maintenance issues with the GWCTS that are limiting operational run time? I note that the GWCTS has operated for 72 days this year (27 in Q2, 45 in Q1). This rate of operation is on pace to be significantly less than the operating days in 2011 through 2017 reported in the 2018 Five Year Review.

Thank you,
Conor
