Dear Mr. LaFave,

Thank you for having K. Singh submit the Passive Air Sampling Plan on December 18, 2020. The DNR concurs that the actions outlined in the plan should be completed.

How is the sub-slab sampling proceeding? Do you have any questions or concerns related to the initial sampling results?

We look forward to your results and continuing to work with you during this project. If you have any questions, please contact me at (414) 639-4156.

Sincerely,

David
