Dear Dave:

I am writing to inform you that The OS Group has been engaged by the City of La Crosse to develop and carry out a site investigation work plan (SIWP) for the above referenced site. As you know sampling for PFAS is an emerging field, and we have had some preliminary conversations with our analytical laboratory and field equipment rental provider. In general we intend to follow the guidelines developed by the Interstate Technology and Regulatory Council (ITRC). I anticipate that that we will reach out to you to discuss aspects of the field protocol before we finalize and submit the SIWP.

As always, please call me with any question you may have. Thank you.

Sincerely,

*John*
