Madison, WI 53707-7921

June 11, 2021

Dear Secretary Cole,

Thank you for your letter on May 21, 2021 expressing your support for bringing in a neutral, third-party professional facilitator to help make progress toward a long-term drinking water solution for the impacted residents of the Town of Peshtigo.

As previously indicated, the facilitator's services would be at Tyco's cost. To support your leadership and expedite the process, Tyco has prepared for your consideration the enclosed list of independent professionals who possess the qualifications to perform this work. You may have other capable individuals or organizations in mind, and again the selection is yours to make.

We share your goal and that of Governor Evers to make permanent clean drinking water a reality for affected Peshtigo residents as soon as possible, and we offer these resources to spur progress towards that end. We are encouraged that the Town of Peshtigo officials have also been moving on this issue and it seems that the time is ripe to bring all parties together in pursuit of a solution.

Thank you for your consideration, Mr. Secretary. We look forward to communicating soon with you about this important matter.

Sincerely,

Katie McGinty
Chief Sustainability Officer
Johnson Controls
