Re: Tyco Fire Products LP
Revised Long-Term Potable Well Sampling Plan
BRRTS 02-38-580694

Dear Cheryl:

The Revised Long-Term Potable Well Sampling Plan was uploaded today on behalf of Tyco Fire Products LP to the above-referenced BRRTS site.

This Sampling Plan is consistent with Tyco's discussions with the Wisconsin Department of Natural Resources ("DNR") regarding the frequency of sampling, and the communications that Tyco will make with well owners. In addition, please note that this Sampling Plan does not incorporate the Department of Health Service's (DHS's) Hazard Index (HI) into the evaluation of the sampling results. The HI is a recommendation by DHS, but is not a promulgated standard. Therefore, Tyco will not be including an analysis of the HI for any of the sampling results.

Sincerely,

Linda E. Benfield
