RE: PECFA Number: 54301-2504-04
DNR Reference Number (BRRTS): 03-05-560082

Dear Claimant:

The Department of Natural Resources (Department) has received your request to access the Petroleum Environmental Cleanup Fund Award (PECFA) program. Your request identified the above site for a petroleum contamination clean up.

Assigned to this site, for claim identification purposes with this office, is the PECFA number: **54301-2504-04**. Please include your assigned PECFA number with all correspondence to our Department and on all forms in the spaces provided.

From the information available to the PECFA program, it appears that a discharge from the tank system is **eligible** under the PECFA program for petroleum contamination clean-up costs.

A final determination of site eligibility will be made at the time of claim review. The tank system(s) identified as inclusive with this eligibility finding is/are: 1546905, 1546898 **ELIGIBLE**

The program deductible is based on a per "occurrence" (contamination plume) basis. An "occurrence" is defined as a contiguous contaminated area of one or more petroleum products. The number of occurrences for this site has not been determined; a final determination will be made at the time of claim review. The tank type classification that your eligibility falls under is: UNDERGROUND MARKETER. Please read the explanation regarding your tank type in the enclosed brochure.

The cost of remedial action, soil testing, clean-up and other costs associated with non-eligible tank system(s) or products are **not** reimbursable under the program. Any PECFA clean-up must be done in the most cost-effective manner possible. All invoices submitted for reimbursement must be adequately itemized to document remedial tasks performed. A final determination of eligible costs will be made at the time of claim review.

The necessary claim forms are enclosed for the submittal of your claim to the PECFA program. If you have any questions about the Petroleum Environmental Cleanup Fund program, please feel free to contact me.

Sincerely,

Timothy A. Prosa
