Subject: Wauleco: Roof Replacement Schedule

Matt, in follow-up to our previous discussions, the roof replacement work at Wauleco has been scheduled. As part of this work, the power is scheduled to be out from September 7 to 15, 2022, so the treatment system will not be operational from approximately September 7 to 16. We will keep you apprised of any developments with this schedule. If you have any questions, please contact us. Thanks, Bruce and Evan
