Hi Sheri-

In response to the U.S. Environmental Protection Agency's (EPA) letter of January 19, 2023, please see the attached VI Workplan Addendum. This VI Workplan Addendum provides the proposed scope of work and field procedures for vapor intrusion (VI) evaluation and investigation at the Wausau Water Supply Superfund Site in Wausau, Wisconsin. This work will be tentatively scheduled in February or early March 2023. However, no work will be done without EPA and WDNR approval of this work plan.

Please contact me if you have any questions.

Thank you-
OJ
