John,

I am giving you a quick update on the upland RA schedule. We have a small crew coming out next week to do some survey work and safety training but the main mobilization is scheduled for April 24. We are still working through site access agreements with the property owners and the railroad permit has been super slow and haven't got a draft site access from them yet.

I will keep you in the loop when things are ready to start but next week will be finishing up getting the final authorizations to proceed.

Let me know if you have any questions.

Thanks,

Greg Prom
