Good Morning,

Thank you for submitting the *Remedial Action Option Report* (the Report) to the RR Program's electronic submittal portal on July 21, 2023. The Report requests an expedited DNR review and indicates that the work outlined in the Report is scheduled to begin on August 1, 2023. Please understand that the DNR generally has a goal to provide formal reviews and written responses to fee-based Wis. Admin. Code NR 700 submittals within 60 days of receiving the applicable report. However, the DNR will work to provide you with an expedited review of this submittal. The DNR has a goal to provide CWC with a formal review and written response within 30 days of receiving the Report, by August 21, 2023.

Thank you, Jane
