Subject: RE: Community Within the Corridor - East Block (02-41-263675) - Remedial Action Options Report Review Letter

Good Morning Angy,

Thank you for submitting the *Revised Remedial Action Option Report* (the Report) to the RR Program's electronic submittal portal on November 16, 2023. The Report requests an expedited DNR review and approval in 15 days. Please understand that the DNR generally has a goal to provide formal reviews and written responses to fee-based Wis. Admin. Code NR 700 submittals within 60 days of receiving the applicable report. However, the DNR will work to provide you with an expedited review of this submittal. The DNR has a goal to provide CWC with a formal review and written response within 30 days of receiving the Report, by December 16, 2023.

Thank you, Jane

We are committed to service excellence.

Good morning Jane,

We have uploaded the Revised RAOR to the WDNR portal and have attached the receipt here. In addition, should there be any issues in viewing the file, feel free to visit this link to download/review: [PDF 0241263675 Revised RAOR 20231116.pdf](#). We would greatly appreciate an expedited review of this submittal.

Thank you,

Angy K. Singh, Ph.D.

Hi Angy – Thank you for your email. As a reminder, the DNR has a goal to provide a review and written response within 60 days of receiving a report with its applicable technical assistance fee. The DNR will work to provide an expedited review and response to the revised RAOR for CWC East Block, as may be feasible depending on work load, work schedules, and the content of the report. Please include a requested DNR review timeline within the forthcoming RAOR.

Thank you, Jane

Good morning Jane,

We would like to request an extension for our submittal of the revised Remedial Action Options Report. If we could have an additional ten days to submit, that would be greatly appreciated.

Also, we would like to know if review of the revised RAOR could be expedited with a technical assistance fee. We look forward to hearing from you and appreciate your consideration of these requests.

Thank you,

Angy K. Singh, Ph.D.
