Matt.

Thanks for approval below for additional tonnage. I submitted the invoicing to PECFA and they have been approved for payment.

I received a call yesterday from PECFA staff who reviewed the invoices and noted that we had not invoiced for

24	Limited Soil Excavation	Consultant	LSE10	Primary Mob/Demob	Site	\$	831.92
----	-------------------------	------------	-------	-------------------	------	----	--------

PECFA suggested we contact the DNR Project Mgr (you) and request approval for this mob cost...we can then submit this cost on our next claim.

**Can you approve the Primary Mob/Demob cost for the soil excavation of \$831.92? I think a note to tracker or an email similar to below will be adequate for PECFA Claims.**

Please call me with any questions (I am working in Jump River this week and next – no cell service).

Thanks
