Before you ignite,
check air and waste regulations and ask:

Can I burn?

Go to dnr.wi.gov, search “can I burn?”
to access the interactive tool

WISCONSIN
DEPT. OF NATURAL RESOURCES

Planning a burn?

Access the Can I burn? tool to check if your burn would be in compliance with state air and waste regulations.

If you can burn: proceed with determining if you need a burn permit for wildfire safety. If the burn will be in an incorporated municipality, check locally. If the burn will not be in an incorporated municipality, go to dnr.wi.gov, search "burn permit."

If you can not burn: explore the alternatives found at dnr.wi.gov, search "burn."
