Subject: RE: Senior Housing, BRRTS #: 02-67-583306

Mark I was reviewing the November update report with the SE regional vapor review team. DNR is requesting a running master table of all the vapor results for TIF12 and the Senior Housing sites to be included in all the update reports. DNR is also requesting a running table of access request status of all the various properties that gave or denied access.

We are committed to service excellence.
Visit our survey at http://dnr.wi.gov/customersurvey to evaluate how I did.

Not yet. We will be collecting the third round of indoor air samples from the building December 14-15 and will get around the vacuum readings as well.
