Dear Mr. Hutchens:

The Department of Natural Resources (Department), has reviewed the submittal, *Drexel Town Square (aka Former Delphi Facility), Request for Cessation of Groundwater Monitoring and Well Abandonment* (dated April 16, 2015), prepared by your firm, Environ International Corporation (Environ), on behalf of WisPark, LLC.

Based on the information and data provided in the referenced submittal and the information in the case file, the Department concurs with Environ's request to cease groundwater monitoring and abandon the existing monitoring wells and piezometers located at the subject site. Please send the abandonment forms to us for our files.

The Department appreciates the actions you are taking to restore the environment at this site. If you have any questions regarding this letter, please contact me at 414.263.8639.

Sincerely,

Eric Amadi
