

Good Living On and Around our Lakes

Tips . . . Information . . . History . . . Local Finds

no wake lakes, only eliminate water skiing, tubing and jet skiing; and this is NOT your Boards issue, it is unfair to characterize it as such. Because of the far reaching implications of this issue, we're slowing the discussion down, opening up discussion, hearing all sides, giving all an opportunity to share their

opinions and hear from experts on what has been done in other areas where this issue has come up.

BOATING SAFETY

Enclosed is an interesting DNR piece on things to be remindful of on our waters this Summer. Be a smart respectful boater at all times.

Contained illegal to transport material

KLCA MISSION STATEMENT

As stated in our By-Laws, our mission is to work with town, county, and state governments and their agencies to ensure the lakes' ecosystem and quality of life are managed to the long-term health of the lakes and surrounding environment.
