Dear Mr. Ritten:

Congratulations! On behalf of the Governor, we are pleased to announce the following project is approved for funding under Wisconsin's Lake Planning Grant Program: Apple River Flowage Water Quality & Biological Assessment

Please review the agreement including the list of conditions and return the original signed by the authorized individual within 30 days of this letter's date to Jane C Malischke, your regional Environmental Grant Specialist, at 810 W Maple St, Spooner, WI 54801. The second copy is for your file. Funds will be encumbered when the signed agreement is returned.

The period covered by the agreement is from April 1, 2012 through June 30, 2013. If you can't complete your project within this time period, please request an extension from Alex Smith, your Regional Lake Specialist at 715-635-4124, or Jane C Malischke at 715-635-4062. You must submit your request for your final payment within six (6) months after all work activity is complete or your grant may be terminated. If you have any financial questions, please contact your regional Environmental Grant Specialist above.

Under this grant program, you are entitled to a project advance payment. This advance payment is made available to you to cover costs you may incur in the initial stages of the grant process. The <u>advance</u> payment is equal to 75% of the State grant amount minus any State Lab of Hygiene costs. If you wish to request the advance payment, please check the blank provided before the signature block on the last page of the project agreement.

Please note that this grant program is a reimbursement program. This means that the sponsor must pay all expenses incurred before the last 25% of the state cost share assistance is paid to the sponsor. Instructions and forms for the financial administration of the project are enclosed. Please submit your final report and final billing to Alex Smith at 810 W Maple St, Spooner, WI 54801. Please write the project number (LPL-1474-12) on all billing material submitted.
