7/13/11 EW → Visited site. Small stand near shed on West side of the driveway. Treatment thoughts are stem injection with Roundup followed by a light foliar application of Habitat.

There is also another small stand on the N side of the bunkhouse on the right side of the driveway.

8/9/11 EW → Called Doug for permission to spray. He will call back once he gets the go ahead to spray from wife and neighbor.

9/12/11 EW → Doug gave permission to spray by phone.

9/13/11 EW/KH → GPS'ed small stand N of bunkhouse on property line and foliar applied Garlon 3A at 2.5% solution.

Stand near shed (W. side of the driveway) was stem injected with concentrated Cornerstone. In addition, foliar applied Garlon3A at 2.5% solution.
