

**ORDINANCE #2  
CEDAR LAKE PROTECTION & REHABILITATION DISTRICT**

A SOLE ORDINANCE TO REGULATE BOATING UPON THE WATERS OF CEDAR LAKE AND PRESCRIBING PENALTIES FOR VIOLATIONS THEREOF.

The Cedar Lake Protection & Rehabilitation District of St. Croix and Polk County do ordain as follows:

**Section I. Applicability and Enforcement**

- (a) The provisions of this Ordinance shall apply to the waters of Cedar Lake – St. Croix/Polk County.
- (b) This chapter shall be enforced by the officers of the Cedar Lake Protection & Rehabilitation District of Cedar Lake.

**Section II Intent**

The intent of this ordinance is to provide safe and healthful conditions for the enjoyment of aquatic recreation consistent with public rights and interests, and the capability of the water resources.

**Section III State Boating and Safety Laws Adopted**

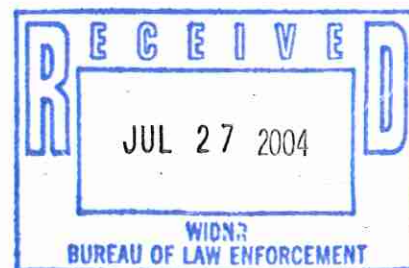

State boating laws as found in ss. 30.50 to 30.71, Wis. Stats., are adopted by reference.

**Sections IV Definitions**

- (a) “Slow-no-wake” means that speed at which a boat moves as slowly as possible while still maintaining steerage control.

**Section V Controlled Area**

No person shall operate a boat faster than slow-no-wake in waters of Cedar Lake’s Southwest bay and the area of the outlet to Cedar Creek on the Southeast shore beginning approximately 100’ East of the “Slow-No-Wake” buoys throughout the entire Southwest bay until approximately 100’ West of the “Slow-No-Wake” buoys, and approximately 100’ West of the “Slow-No-Wake” buoys on the Southeast side of Cedar Lake to the shore extending approximately 500’ both North and South of the source of Cedar Creek also known as the “outlet” at any time.

DNR # 3270

Condition Report for Cedar Lake Slow no wake zones.

Two areas of Cedar Lake in St Croix and Polk Counties are to be designated as slow no wake zones. One area is the SW Bay of the lake and the other is the shallows of the outlet to Cedar Creek, 500' from shore. These lake areas are very shallow and normally do not see heavy boating traffic. However these areas are environmentally sensitive and Wisconsin DNR water resources and fisheries staff recommended to the Cedar Lake Protection and Rehabilitation District to enact these slow no wake rules. DNR staff felt that reducing high speed boat traffic in these areas would help to allow aquatic vegetation to be re-established which would help with water quality and fish habitat on Cedar lake.

These areas are broad and quite expansive and many boaters would not be aware of the shallow nature of this area. The safety of the public will also be improved with these restrictions due to reducing the chance for a high-speed watercraft hitting an obstruction or the bottom causing injury and or property damage.

In all it is believed that these restrictions will not adversely impact public recreational opportunities and navigation and will improve public health safety and welfare along with improving water resources and will comply with Wisconsin DNR water resources staff recommendations.

CEDAR LAKE PROTECTION AND REHABILITATION DISTRICT  
marker locations.

Proposed locations for Cedar Lake hazard and waterway markers  
10 slow-no-wake buoys  
2 rock hazard markers

SOUTHEAST LOCATION- # 1 marker will be the most northerly location

- |    |           |           |
|----|-----------|-----------|
| 1. | N4512.435 | W9233.773 |
| 2. | N4512.340 | W9233.775 |
| 3. | N4512.297 | W9233.768 |
| 4. | N4512.107 | W9233.743 |
| 5. | N4512.005 | W9233.728 |

SOUTHWEST LOCATION-#6 marker will be the most northerly location

- |     |           |           |
|-----|-----------|-----------|
| 6.  | N4512.295 | W9234.808 |
| 7.  | N4512.277 | W9234.824 |
| 8.  | N4512.255 | W9234.833 |
| 9.  | N4512.223 | W9234.850 |
| 10. | N4512.179 | W9234.868 |

Location of Rock Marker, north of property #5  
N4512.088      W9234.312

Rock marker north of property #6

Location is due north, of the westerly- north- south property line of the # 6 property. Proposed location is approximately,  
75 feet north of the shoreline, actual Lat-Long will be provided upon installation.
