PROPOSED AMENDMENT TO ORDINANCE 1991-2 SECTION 6 (G)

RESTRICTED AREA

No person may operate a motor boat at a speed in excess of slow-no-wake speed in that portion of High Falls Flowage from the mouth of Meeders Bay easterly as marked by regulatory markers.

CONDITION REPORT

Pertaining to Section 6. Restricted Areas.

G. *Slow-no-wake is proposed in that portion of the Peshtigo River (High Falls Flowage) in all of Meeders Bay because this area is a narrowing of the river, thereby constricting boat traffic and rendering the area dangerous when a number of boats are navigating through it, at the same time, as a speed in excess of slow-no-wake. A Swim area is being established in this bay at High Falls Park. It is contemplated that in the future there will be a boat launch, and a boat mooring area in this bay at the park. Having this entire 350 feet wide by 800 feet long bay slow-no-wake will reduce hazards to safety in this area.*
