

VILLAGE OF SILVER LAKE

ORDINANCE NO. 00-

The Village Board of Silver Lake, Kenosha County, Wisconsin, does hereby ordain as follows:

1. Ordinance No. 307, WATERS, USE AND REGULATIONS OF SILVER LAKE, Section 10.11. Buoys, Piers and Rafts and Section 10.14. Penalties are amended to read as follows:

Section 10.11 Buoys, Piers and Rafts.

- (b) All buoys and aids to navigation must comply with applicable Wisconsin Statutes and administrative regulations. All mooring buoys shall extend at least eighteen inches above the water line, be white in color with a blue band clearly visible above the water line and should be spherical or ovate in shape. No person shall place a mooring buoy or moor a boat to a mooring buoy until the placement of the buoy is authorized by a written permit from the Clerk of the Village of Silver Lake after application made by the riparian owner upon forms provided by the Village Clerk. The application form shall include the applicants name, permanent mailing address, address of the site of the proposed mooring, telephone numbers, names and addresses of adjacent riparian landowners on both sides and a detailed map indicating distances to known fixed objects such as a property line. No buoy shall be permitted in front of any fire lanes, swimming area, public park or access point. There shall be only one mooring permit issued for each fifty feet of lake frontage of the riparian owner and no more than one boat may be attached to a single mooring buoy. No mooring buoy may be placed that will allow the boat to drift or extend beyond one hundred feet from the shoreline. Before issuing any mooring permit the Water Patrol may inspect the location of the proposed mooring and determine if the mooring will be an obstruction or interfere with boaters, aids to navigation, swim areas, or rights of other riparian owners.

An initial application fee of \$50.00 shall be paid for each mooring buoy at the time of application and shall not be refundable.

An annual renewal fee of \$25.00 for each mooring buoy shall be payable to the Village Clerk on or before April 1 of each year.

All permits issued prior to the effective date of this section are void. Permits already approved by the Town of Salem for the year 2000 are exempt from reapplying to the Village of Silver Lake, provided, however, that the buoy shall conform with the

requirements of the ordinances of the Village of Silver Lake. After the year 2000, the annual renewal fee shall be paid for all mooring buoys. If the riparian owner, holding the permit for a mooring buoy, sells, transfers or assigns his interest in the property, the new riparian owner must reapply for a permit for a mooring buoy and pay the initial \$50.00 application fee.

- (e) All ice shanties or houses placed on Silver Lake shall have the name, address and telephone number of the owner conspicuously displayed on the shanty or house and shall have reflectors placed on all four corners.

10.14. Penalties.

With the exception of mooring buoys, any person violating the provisions of this ordinance for which a penalty is not otherwise specified in this ordinance or provided for in Wisconsin State Statutes 30.298 shall forfeit not more than \$50.00 for the first offense and shall forfeit not more the \$100 upon conviction of the same offense or subsequent time within one year. Each day during which the violation exists constitutes a continuing violation and separate offense.

Any person violating the provisions of this ordinance relating to mooring buoys, shall forfeit \$50.00 for each violation and each day during which the violation exists constitutes a continuing violation and separate offense. In addition to or as an alternative to, the penalties specified herein, the Village may remove the unlawful moorings as provided under and pursuant to the procedures of sec. 66.0495, Wis. Stats.

2. This ordinance shall become effective immediately upon passage and publication as required by law.

Dated this ___ day of _____, 2000
