

Whereas the people of Jackson Township did appear with other persons of the said Town of Jackson, Adams County, Wisconsin, at a Special Town Meeting held at the Jackson Town Hall on Saturday, August 28, 1982.

The Jackson Town Board did agree with their wishes and did in fact pass a Slow No Wake Ordinance on Crooked Lake at all times, and did pass this ordinance by unanimous vote that a Slow No Wake Ordinance be in effect upon acceptance by the Department of Natural Resources in Madison, and posting and advertisement in legal newspaper.

It is the belief of all concerned that large motors using a speed too fast for safety and health of all concerned on Crooked Lake, as it is a very narrow lake and is also detrimental to the fish habitat in the weedy area around the edges of the Lake where fish normally spawn and small fish hide for protection.

(Section 1). Therefore: No person shall operate a motor boat at a speed greater than a "Slow No Wake" on Crooked Lake at any time. State Statutes 30.50 Para (10) of 1981-1982 Statute Book defines a "Slow No Wake" as a speed at which a boat moves as slowly as possible while still maintaining steering control.

Any person violating any provision of this Ordinance, for which said person shall forfeit not more than \$50.00 for the first offense, and shall forfeit not more than \$100.00 upon conviction of the same offense a second subsequent time within one year.

This amended ordinance shall take effect upon passage and posting of same, and shall be enforced by the Adams County Sheriff's Department. Dated this 28th day of August, 1982. - Passed this 28th day of August, 1982.
