**Oneida County Land & Water Conservation Department's Seed Sowing Party**

Are you looking for an excuse to get your hands dirty, learn about invasive and native plants, chat about gardening, and help restore and enhance tender habitats throughout the county? Join us on Tuesday, November 6, 2018, from 2:00 p.m. to 3:30 p.m., at the Oneida County Courthouse Committee Room 2 (second floor) for our Seed Sowing Party. No need to bring seeds or supplies, we just need your help sowing!

What are the seeds for? The Oneida County Land & Water Conservation Team and the Aquatic Invasive Species (AIS) Team have been working on several habitat restoration projects throughout the county, varying from AIS-affected sites to roadside pollinator habitat sites. In our quest to build rich populations of native plants for these sites, we have been busy bees collecting local native seeds to germinate and need your help getting the seeds ready for their long winter's nap. We hope you can join us for this fun event.

Please register by contacting the Oneida County Land & Water Conservation Department at 715-369-7835, or email Stephanie Boismenu, Oneida County AIS Coordinator at [sboismenu@co.oneida.wi.us](mailto:sboismenu@co.oneida.wi.us).
