

BAYFIELD COUNTY AIS COMMITTEE SEEKING CITIZEN MEMBER

Bayfield County is looking for a new citizen committee member to serve on the Aquatic Invasive Species Committee. The vacant seat is held by either a town board member or lake related business owner.

The Aquatic Invasive Species Committee shall:

- (1) Provide direction and input on the prevention, education and control of aquatic invasive species in Bayfield County bodies of water.
- (2) Provide oversight on issues, programs and management relating to aquatic invasive species in the County.
- (3) Provide input into the development of a Bayfield County Aquatic Invasive Species Strategic Plan, and review, recommend adoption, and help oversee the implementation of the Plan and future revisions to the Plan.
- (4) Make recommendations to the Bayfield County Board of Supervisors on actions needed to address aquatic invasive species issues in the County.

Examples of Duties:

Serve as citizen member on the designated committee, providing input to the committee on related topics. These committees makes recommendations to the Department or Oversight Board for appropriate action. The number of committee meetings is 4-6 annually. Mileage is reimbursed and a per diem is provided per meeting. More information may be obtained from the Land and Water Conservation Department, or by contacting AIS Coordinator
