

FLOW AIS Update
For Oconto County since 4/18/2022
5/25/2022

- Participated in European Frogbit meeting with Michigan Collaborative and WI group on 4/21 and 4/22
- Attended the AIS Spring Partnership Meeting and gave a joint presentation with other AIS staff in the state on Butterfly Dock populations. FLOW AIS focused on the collaborative effort of treatment and site inspections in Gillette.
- Attended OCLAWA spring meeting and gave a presentation and training on the Citizens Lake Monitoring program
- Gave CLMN trainings and monitoring gear to the following lakes. Maiden Lake, Ranch Lake, Chute Pond
- Gave a Clean Boats Clean Waters Training for the Inland lakes District on 4/26/2022
- Began to collect Purple Loosestrife plants for sites in the FLOW AIS area. Oconto County sites include White Potato Lake and Pickerel Lake. May do hand removal at Ranch Lake.
- Preparation for European Frogbit orientation day on June 2nd.
