Were all projects completed as proposed?

☐ No

If no, explain the reasons for the change: Owner had a pathway that bisected proposed native planting

Make sure you have completed the following requirements and keep them for your records, 10 years:

- ☒ A signed 10-year contract with each land owner
- ☒ Design specifications and location of each best practice

Optional: Tell us your story. We'd love to hear what worked, what didn't work, unique fish and wildlife observation, and your specific suggestions how we can improve Healthy Lakes & Rivers.
