

Healthy Lakes Example Report

Take advantage of this Healthy Lakes reporting example for your projects. It can be used to keep properties and project details organized in one location and will make it easier when you request grant reimbursement. You may also use the reporting example to feature Healthy Lakes projects that aren't grant-funded but still worthy of promotion.

Page 1 is grant-specific and should be completed by the project coordinator. The following pages are property-specific and can be completed by individual property owners or the project coordinator. Photos and other feedback may be used for promotional purposes like newsletter articles and the website, but personal information won't be shared without permission.

Grant Number: LPT 606-19

Grant Sponsor: Sand Lake Management District

Were all projects completed as proposed?

Yes No

If no, explain the reasons for the change: Enter explanation

Make sure you have completed the following requirements and keep them for your records, 10 years:

- A signed 10 year contract with each land owner
- Design specifications and location of each best practice

Optional: Tell us your story. We'd love to hear what worked, what didn't work, unique fish and wildlife observation, and your specific suggestions how we can improve Healthy Lakes.

At the SLMD Annual Meeting 8/10/18, the Board again asked for lakeshore owners to volunteer for Healthy Lakes Grant projects which the SLMD would sponsor. Lora Schwartz contacted Tom Lindeen about adding a 2nd Native Planting to their lakeshore. In September, Tom cruised by and confirmed that the location complied with Healthy Lakes Grant guidelines. The project was added to the 4 Fish Sticks planned for Sand Lake and the application sent to the WDNR by the 2/19 deadline.

After their project was approved by the WDNR in 4/19, the Schwartz's postponed this project until their cabin remodeling was completed in 2019. In the spring of 2020 they then contacted The Green Frog Company to plan and install this project on the south end of their lot. Green Frog completed the project in June, 2020.

Healthy Lakes Example Report

Complete one per property owner.

Property Owner Name: Mike and Lora Schwartz

Check the box for completed practice(s) and complete the required data deliverables

Fish Sticks: 1 (one)

Number of Fish Sticks clusters installed: Number.

Total Number of trees: Number.

Native Planting: Insert total number of native plantings.

Lakeshore Edge

Surface Area: 350 SF

Length of lakeshore restored: 10 ft

Rain Garden: Insert total number of rain gardens.

Dimensions: Number.

Drainage Area Captured: Number.

Diversion (Transitional or Upland): Insert total number of diversions.

Drainage Area Diverted: Number.

Drainage Area Captured: Number. If uncertain: Choose an item.

Rock Infiltration: Insert total number of rock infiltrations.

Dimensions: Number.

Drainage Area Captured: Number.
